CROSSERLOUGH

CONSTRUCTION

QUALITY THROUGH EXPERIENCE

Founded in 1990 by Jim & Ann McGaughran with a focus on residential construction & developments. Now in its third decade with a variety of private and public projects completed- in residential, commercial, industrial educational, healthcare, food grade, fit-outs and civils, and a management team with combined construction experience of 100+ years, Crosserlough Construction is the ideal construction partner for any clients. The company slogan "quality through experience" is the foundation of our continued success. Our systems and procedures are fully certified to ISO 9001,14001 and SafeTcert standards for quality, environmental & safety. The internal dynamic of Crosserlough Construction cultivates a dynamic, fast moving, skilful and project focused team, which is one of our key strengths. We work alongside a varied and ever developing list of clients and design teams, always with the core goal of delivering high quality projects, to suit project specific budgets, timelines & client objectives.
